Notes:

- The above results have been reviewed by the Audit Committee and approved by the Board of Directors at their meeting held on 4th May, 2013.
- During the current quarter, the Company has retrospectively changed its method of providing depreciation on its fixed assets from the 'Written Down Value' to the 'Straight Line' method. In management's view this change results in more appropriate presentation and gives a systematic basis of depreciation charge, representative of pattern of usage and economic benefits of the assets and provide greater consistency with the depreciation method used by other companies in the paint industry. Accordingly, excess depreciation charged for earlier years upto 31st March, 2012 aggregating Rs. 1,149 million has been written back and recognized as an exceptional item in the results for the quarter ended and the year ended 31st March, 2013. Had the Company continued to use the earlier method of depreciation:
